PROFESSIONAL ENVIRONMENTAL TRASH CAN MANUFACTURER

ZEKE
| W H Y G O E L S E W H E R E |

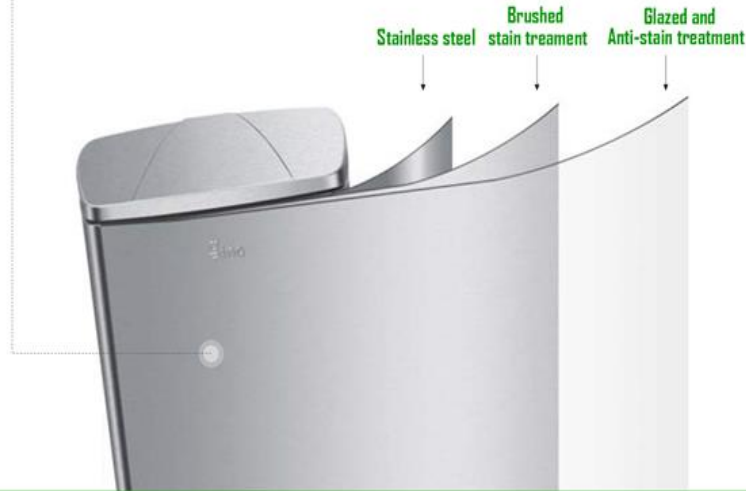

ZEKE invented to meet the constant demand in the hospitality industry in the UAE and the world. We craft high-grade hospitality trolleys and other hospitality related products in our manufacturing unit in UAE, India, and China. Local manufacturing of Zeke trolleys helps to position us as one of the cost-effective hospitality manufacturers in the Middle East. And our customers can easily avail of a host of benefits, be it in terms of price, quality, and after-sales & service.

S/S Anti-Fingerprint

The S/S surface is treated with FPR coating (oil removal, rust removal, brushed stain treatment, glazed treatment etc.), which makes it delicate and smooth. No matter how the fingers touch it, there will be no residue left on the fingerprint. It is waterproof, greasy and dry for long time use.

Anti-seismic packaging

The upper and lower parts are protected by moulded pulp protection trays, plus Seven-ply carton packaging to ensure the products are delivered to the customer intact.

Mute slow drop closure

Using the secondary mute slow down technique, the lid of the barrel is closed quickly and then slowly prevent accidental injury, shorten closure time, reduce odor overflow, and keep it mute.

Simple handle

The clever design of the back part of the barrel makes the simple knot beautiful and convenient to carry.

Streamlined lid design

Make the lid stronger and stronger, withstand pressure, and beautiful.

The distance between the lid and the wall

Carefully designed to open the range of lid, will not touch the wall, to prevent scratching wall and barrel body.

- silent soft close
- keep opening
- good design
- Stainless steel
- pedal durable daily use
- Anti-finger surface
- Garbage bag storage hole

Garbage bag design

Have various size for different capacity bin
 (3L-5L, 8L-12L, 25L-35L capacity)
 double string lifting, can close automatic after lifting,
 , the barrel body does not fall down, the design
 is very user-friendly.

Garbage bag

Thicken the closure of the
 bag, keep the appearance
 clean, bag body is not easy
 to Pierce.

STAINLESS STEEL TRASH CAN

S/S body Anti-Fingerprint

The S/S surface is treated with FPR coating (oil removal, rust removal, brushed stain treatment, glazed treatment etc.), which makes it delicate and smooth. No matter how the fingers touch it, there will be no residue left on the fingerprint. It is waterproof, greasy and dry for long time use.
